

## Registering for the new ServeOhio system to cover volunteer liability

### Step 1: Creating Your Account.

Go to [Get Connected](#) and clicking the Sign Up button, located at the top of your screen.

You are then taken to the first step, Create Account. Enter your name, email address, and any other requested or required personal information. If you want to sign up using your Facebook account, you can do so if your site has that option.

Type a password in both the Password and Confirm Password fields. **Note: Passwords must be at least eight characters long and are case-sensitive.**

Click Create Your Account.

Select Skills page (where you can select Disaster Response), then you go to the Causes page

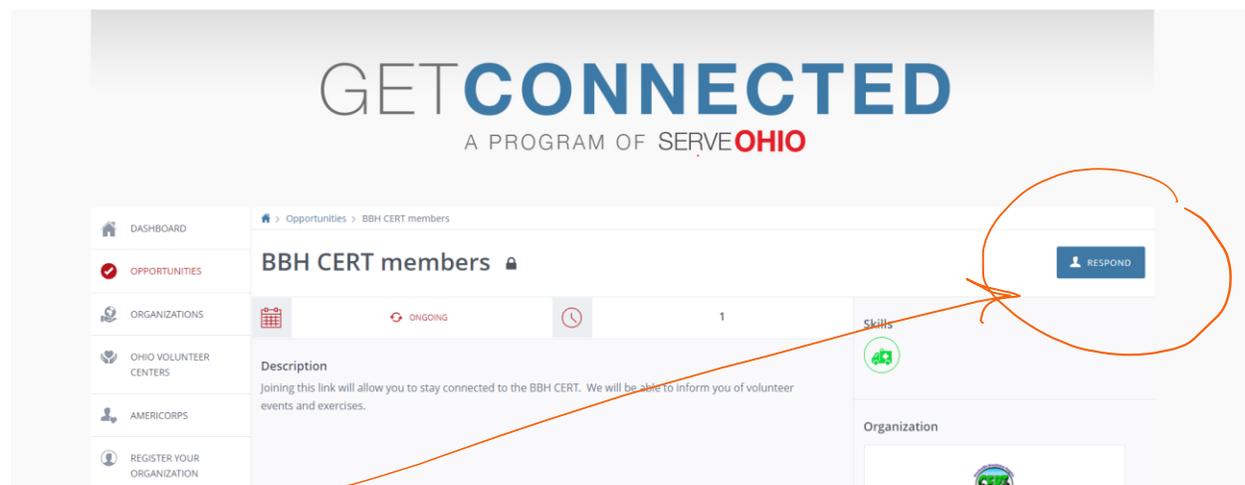

Select the Causes You Want to Support For this next step, you're asked to indicate the causes you're passionate about (Personally I only chose "disaster response").

Click the "CONTINUE TO NEXT STEP" to Continue.
